

Report
on
One day Industry visit
at
CIPET (Haldia)

A one-day plant visit was organized for 3rd-year students of the Department of Chemical Engineering on 26 February 2026 at CIPET, Haldia. Thirty (30) students participated in the program.

The program began with a 1.5-hour lecture session, followed by a comprehensive plant tour covering all sections of CIPET. The visit-program was supervised by **Mrs. M. Paruya**, Senior Technical Officer, CIPET-Haldia. Dr. Keka Rana, Assistant Professor in the Department of Chemical Engineering, served as the faculty coordinator. Prof. (Dr.) Sunil Baran Kuila, Head of the Department of Chemical Engineering, organized this training in collaboration with departmental IICHe-Students Chapter to make the students aware about the processing techniques and testing procedures of plastics objects.
